

# BROADCAST VISIBLE SEAT COVERS

When your team returns to play, your facility may look and feel a lot different. If your fans cannot fill the stands, we have a variety of solutions for that valuable real estate:

- A sponsorship asset to replace or increase contract revenue
- A way to celebrate the accomplishments of your franchise
- A means of added communication & appreciation for your fans
- An opportunity for community programming exposure

Our experienced engineer and environmental designers can create a custom venue solution to meet your team's objectives. We print everything in house, with quick turnaround times to get you ready for the start of your season.

We have product options that are lightweight, flexible, easy to install and suited to your needs and budget.

**PERFKNIT** – Inexpensive and durable. A 60/40 pass-through, reducing wind load and rain pooling.

**POLYWOVEN** – A matte fabric with vivid colour that is completely opaque with unparalleled print quality.
